

Pressed Steel Range

Pressed steel grilles, diffusers and registers are low cost air terminals, most associated with domestic warm air heating systems. M & M Access Ltd pressed steel range encapsulates a variety of pressed steel units, which can be used for their original purpose with warm air heating systems, or in doors as transfer units etc.

Pressed Steel Grille Ranges:

PSGH – Pressed steel grille horizontal sizes –No. 66

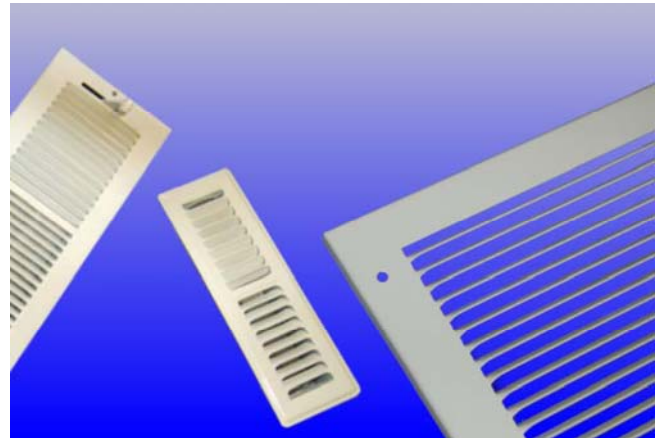

PSGV – Pressed steel grille vertical sizes –No. 68

PSFD – Pressed steel floor diffuser -No. 28 Type A

PSCD – Pressed steel ceiling diffuser -No. 28 Type B

PSTP–Pressed steel toe plate -No. 28 Type C

PSR – Pressed steel register -No. 126
