Plasticdor

Applications

Wall Access

Plasticdor / R – Removable Plastic Panels

Removable clip out plastic access panels designed for low cost applications where access to service areas is required. Generally used within domestic environments offering a lightweight and easy to fit solution. Clip out plastic access panels are available in five sizes and have a white textured finish which allows for on site painting if required. Plastic access panels are not suitable for **Fire Rated** purposes.

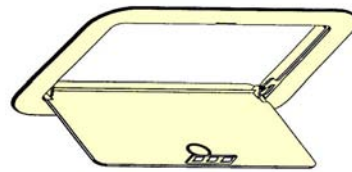

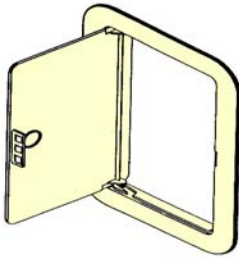

Availability

24 hours to any UK mainland destination on stock items.

Magneticdor

Metal constructed magnetic door and frame access panels for use where access to service areas within wall voids is required. Magnetic access panels are factory primed white and can be over painted on site to blend in with the surroundings. The standard size available is a door size of 150 x 150mm with a 30mm flange surround, giving an overall outer frame size of 210 x 210mm. Other sizes are available and made to order up to a maximum of 300 x 300mm door size. The magnetic access panels can be constructed from brushed stainless steel upon request and are available in a minimum door size of 150 x 150mm to a maximum door size of 300 x 300mm.

Information is correct at time of print but may be subject to change at management's discretion.
