

## Vertical Ladder Security Data Sheet

### Vertical Ladder Security

M & M Access Ltd can offer 3 different security options to prevent unauthorised access.  
All vertical ladders comply with BS4211: 2005 + A1 2008

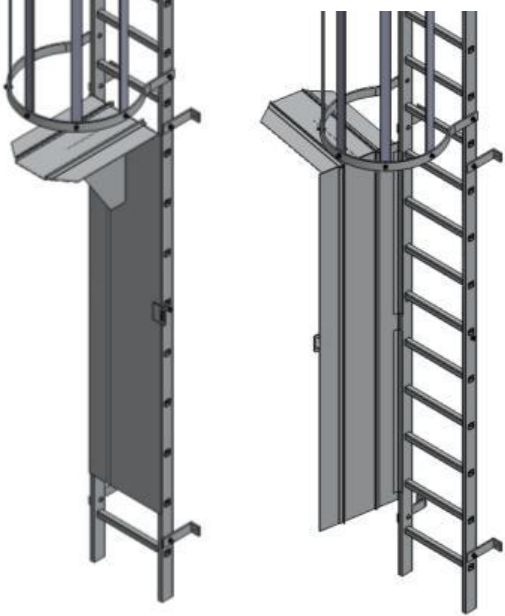

### Option 1 – Hinged Ladder Gate

Aluminium 4.5mm plate gate complete with galvanised steel hinge. Gate supplied with facility for padlock (padlock not included)

### Option 2 – Hinged Ladder & Cage Gate

Aluminium 4.5mm plate gate complete with galvanised steel hinge and aluminium plate blocking off access to the hoop section. Gate supplied with facility for padlock (padlock not included)

### Option 3 – Hook on Ladder Gate

Aluminium 4.5mm plate complete with hooks and removable hasp piece. Please note this gate is a hook on panel, no hinge is included or required. Gate supplied with facility for padlock (padlock not included)
